### PERSONAL

In his free time, Parthasarathy loves listening to old Hindi Songs, , shayari , live concerts and following cricket.

With over 34 years of experience, Parthasarathy is the Cluster Head - Infrastructure, Sustainability and PMC Services at Tata Consulting Engineers Limited (TCE), a wholly-owned subsidiary of Tata Sons Ltd. TCE offers a wide range of multi-disciplinary design & engineering services and Project Management across several sectors.

In his current role, Parthasarathy is responsible for P&L, business growth, and delivery globally for the Infra cluster. He possesses over three decades of rich experience in project management, comprising project coordination, contract management, planning, execution, change management, closure of contracts, business development, and operations.

Prior to this role, Parthasarathy was the Business Unit Head of the PMC Business for all domestic and global projects. He has delivered mega projects for various clients in power, IT/ITES, Commercial, Infrastructure, and Industrial and has exposure to international project delivery, having worked from concept to commissioning of Information Technology Park in Mauritius.

Projects delivered under him include IT/IES Campus developments for TCS/Wipro PAN India. Technology Centre in Mauritius, Tidel Park Prestigious govt project of Tamil Nadu, Many Cement plants for ACC/Tata and power plant for APGPCL and many more.

Partha is a qualified TBEM external assessor and was part of TBEM team on an international assignment. He has undergone Management development programs in TMTTC and Tata E-Group leadership program.

Prior to joining TCE, he worked with a Renowned Contracting firm for projects in Mumbai.
